 IN CATALOGING this lot of cattle we do so feeling that they will be appreciated. They are in better condition than either lot previously imported. They have cost more money than any lot we have ever brought over and in fact more per head than any lot that has ever come to North America. While in Britain last spring our Mr. Ross made contracts for some of these animals, but not all of the animals that were contracted for have come to this side. The price of cattle was on the upward trend and for unexplainable reasons we fell short of our number. We had employed Prof. Ikeler to bring the cattle through and as he had served his Shorthorn apprenticeship with our firm we did not hesitate to give him a free hand to buy as he saw fit, and we are pleased to say that he got many of the best specimens we have ever brought over. Of course, cattle are in better condition in Britain than they have been for some time. Many of the best specimens come from England, as we find that the English have been sapping the Scotch herds a great deal and the majority of the best herds are now south of the Border, although a few of the tops remain in the north.

Some of the best specimens are from the herd of J. Dean Willis. We consider his one of the best. This is the third time that we have had the choice of the young stuff, in this, a herd that has produced and won more than any other in England. Another herd that furnished some of the good ones, was that of Wm. Cazalet, Esq., at Fair Lawn. Many of the best Shorthorns that have gone South have found a home at Fair Lawn. Others came from Capt. Behrens, Capt. Leyland, Capt. Brassey, Lord Fitzhardinge, Lord Sherborn, Earl of Northbrook, Earl Roseberry, Lord Rothschild, and we had the choice of the bull calves from the herd of His Majesty the King, at Windsor. Cattle from Scotland came from the herds of John Duthie Webster and the Andersons, as well as many others.

These cattle were selected with a view to the results they might produce in a breeding herd. They are of perfect conformation and general outline. John Gill, one of England's foremost

Breeders, said of them as they were being lined up on board the boat, "They are the most uniform in conformation and have the best heads of any lot I have ever seen put together."

We extend a cordial invitation to you to come to this sale and see such cattle as we have described and cattle that will prove moneymakers for the buyers.

Breeding Guarantee: All females of breeding age are bred and are guaranteed breeders.

English certificates of registry will be furnished with each lot sold, but we will leave it to the purchaser to record them in the American book, as there are so many young animals that might die or not prove breeders, consequently the \$100.00 fee would be lost, and we ask you to buy them this much cheaper and pay it to the Association when you want to have the American certificate of Registry. All other fees have been paid. It is also well to note that if these animals are exhibited at a State or National show and win a ribbon within twelve months the \$100.00 fee will be refunded. All calves sold with their dams we exempt the \$100.00 importation fee.

These cattle are insured with the Hartford for just what you pay for them, and are not at your risk until after Jan. 8th, 1918. Should they die from any cause or be rendered useless by accident your money will be refunded to you. We also guarantee them to pass the tuberculin test sixty or ninety days after you get them.

The cattle will be cared for and shipped at our risk. Should you be fortunate in securing one or more of these animals, we wish you to feel that your interests will be protected in every way. We are in the business to help you and ask you to make it your business to help us.

Terms: Cash or six months credit at six per cent interest.

Very respectfully,

CARPENTER & ROSS

In offering these cattle for sale we do so feeling that they are as clean and straight a lot of cattle as ever went under the hammer; but we have not had them a sufficient length of time to be able to vouch for them as we would like. They are from the herds of big men and we know that they would not deceive us wittingly, and should any animal not fulfill the guarantee, remember that you are being taken care of by us. We have a reputation to protect and we want you to be amply satisfied. Although a small percent of the cattle we have been selling have proven unsatisfactory, it is less than one per cent, and we credit this to the fact that we know cattle and know whether they are right or not, and we never sell an animal if we are in doubt of her outcome as to usefulness. In buying these cattle you are protected by our judgment and our guarantee.

BAPTON BRAMBLE

We wish to call attention to Lot 23, Bapton Bramble. This heifer was contracted for in 1916, when she won the Royal Show; but Mr. Willis did not care to let her go until after the Smithfield Show, where she was the champion Shorthorn, and it was on account of her not being in calf that she was not brought out in the spring. She is now safe in calf. Mr. Willis describes her to Robert Miller as being the best heifer that he has ever sent to North America.

Rosehaugh Belle 2d—a fine thick young cow of the noted Jas. Black “Village Maids.” They are a family that has been perhaps harder to buy in Scotland than any other. They produced many famous animals and were favorites in the herd of Mr. Duthie, where they produced Village Beau and some of the best cattle ever bred at Collynie.

Brandsby's Lady Undine 2d is a thick, stylish heifer, and is out of one of the best cows in the Brandsby Herd—one that we had selected to come to America, but on account of her advanced age had to leave her behind. This heifer will undoubtedly make a cow of exceptional merit; her dam was also a great milker.

Bred April 29th to Silver Star.
